ENGINEERING

GEOWALL ARCADE

DON'T JUST CLIMB, PLAY!

Don't just climb a wall, play on it! Extreme Engineering's digital sensors provide an exciting way for climbers to scale a climbing wall and play up to 6 digital games. Players of all ages can interact with the vibrant, LED sensors that are programmed with various video gaming modes. Interact with a touchscreen, choose your challenge and let the games begin! Bring an interactive arcade experience to great heights on the Geowall Arcade.

PUT THE JOYSTICK DOWN AND LOOK UP

Players can compete with friends or just enter single player mode. It's up to the participant to choose their fun experience. Geowall Arcade can be applied to most Extreme Engineering climbing walls or other climbing wall brands. Best of all, the GeoWall Arcade is a turnkey solution that includes everything to turn that old, tired climbing wall into an exciting arcade game experience!

The GeoWall Arcade is compatible with traversing, bouldering or climbing walls.

CHOOSE YOUR GAME MODE, THEN PLAY.

With on demand play, participants can choose 6 different game modes. Each game last about a minute long, providing enough time for a great experience and fulfill capacity needs.

ATTRACTION DATA

The Geowall Arcade comes fully equipped, ready for play. This kit includes the following:

- 16 targets with switches
- Touchscreen play pad
- Television display
- Power supply
- Speakers
- Wiring

Climbing wall is not included.

LEAD TIMES

Depending the GeoWall project, turnaround times are quick. We can get you climbing in just 4-6 weeks.

GAME MODES ARE THE FOLLOWING:

Clear All - turn all targets off.

Traverse Time - start on one side and the timer ends when you hit the last sensor.

Dueling Wall - turn all targets to your color.

Most Points - touch as many targets as you can.

Memory Match - where you look for the last target you hit's color match.

Endless Mode - targets turn back on automatically.
